

## THE DECLINE OF THE WORLD FROM THE GREEKS TO THE REPUBLICANS

Title of my tome which came in at 1500+ pages.  
The insane publisher insists he got his money back,  
and I cashed one royalty check for a few bucks  
and gave my pile of books away. Imagine

my surprise when visiting a colleague's summer  
home to find it keeping the screen door from  
slamming. Doorstop. He apologized and said

he'd find something else...I said never mind,  
it looks attractive there.
